China in Revolution: The Road to 1911

by Heung Shing Liu

China in Revolution: The Road to 1911 is a book by Heung Shing Liu that explores the political and social transformations that led to the founding of the Republic of China. The book covers the period from 1911 to 1949, focusing on the events that shaped modern China. It discusses the impact of the 1911 Revolution, also known as the Xinhai Revolution, which ended the Qing Dynasty and established the Republic of China.

The book is part of a larger collection titled "China in Revolution: The Road to 1949," which provides a comprehensive overview of the Chinese Revolution, including the 1911 Revolution and the subsequent developments that led to the establishment of the People's Republic of China. The book is written in English and is aimed at providing readers with a detailed understanding of the historical events that shaped modern China.

The book is available for purchase on various online platforms, and it is highly regarded by scholars and readers alike. It is a valuable resource for anyone interested in the history of China and the Chinese Revolution.
